DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 164 & 234 are rejected under 35 U.S.C. 102(b) as being anticipated by Watanabe et al. (Patent No. 5,927,078).

Watanabe discloses a thermoelectric refrigerator comprising: a freezing compartment (1), a heat insulating casing (6) in the form of a box and consisting of a heat insulating cover/lid (7), a thermoelectric cooling device (12) and said components are support by a structure (see figure 3.). As seen in the figures the container is mounted on a structure and can move relative to that structure.

Allowable Subject Matter

Claims 181-233, 243 & 244 are allowed over the prior art of record.

Claims 165-180 and 235-242 objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

Applicant's arguments with respect to claim 164-244 have been considered but are moot in view of the new ground(s) of rejection.

Furthermore applicant didn't include all of the limitations of the base claim and any intervening claims as stated in Remarks filed on 04/27/2004.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
